

## Facts about Palliative Care

- Palliative care is specialized medical care for people with serious illnesses
- Palliative care focuses on providing relief from the symptoms, pain, and stress of a serious illness - whatever the diagnosis
- Palliative care services help avoid unnecessary testing and hospital visits.
- Palliative care helps you carry on with your daily life, helps you better understand your condition, and helps you receive the best possible quality of life.
- Palliative care works with your doctor to provide an extra layer of support for you and your family.

Spiritual Support Provider

Our Team Providing In Home Care

## Questions & Answers

- ResolutionCare sees people in their homes, in person, or via videoconferencing technology.
- Unlike hospice, the palliative care provided by ResolutionCare can be received simultaneously with curative treatment and is offered as an extra layer of support to all other appropriate treatments.
- ResolutionCare uses a community-based team approach to help people focus on living well rather than simply getting from one appointment to the next.
- We help people define for themselves what quality and wellness mean as their lives approach completion.
- We are concerned with the whole person - what matters to them and gives life meaning, value, and beauty.

### WHAT SERVICES ARE OFFERED?

- care coordination
- 24/7 on call support
- pain/symptom management
- completing health care directives
- spiritual support
- social support for patients and families

### HOW DO I GET A REFERRAL?

Referrals come from primary care providers, specialists, or you can self-refer.

### CAN I KEEP MY PRIMARY DOCTOR?

Yes, ResolutionCare provides an extra layer of care and works directly with your primary doctor and specialists.
